### **About IMS**

Integrated Management Strategies (IMS), founded in 2014 and headquartered in Vienna, Virginia, is an 8(a)-certified, woman-owned small business dedicated to delivering mission-critical healthcare, program management, and technical support services to federal agencies. Our mission - "Your mission is our mission", drives us to improve client outcomes through integrity, agility, and innovation, evolving from a single military support contract to a trusted partner nationwide.

We began by supporting civilian agencies like United States Department of Agriculture (USDA) and have expanded into military treatment facilities like Defense Health Agency (DHA), across the National Capital Region and nationwide. IMS' core capabilities center on enterprise medical coding and transcription (with 100+ MHS GENESIS-trained coders achieving 97–99% accuracy), program and data management, cybersecurity/IT governance, administrative/logistics support, and specialized services like 3D medical printing quality control and outreach support. We excel in remote/hybrid delivery across 50 states, supporting complex environments with tools like Power BI, SharePoint, and federal systems. Our key customers include DHA, U.S. Army MEDCOM, Walter Reed, Blanchfield Army Community Hospital, USDA, Health and Human Services (HHS), and Department of Education (ED).
